

TNS Call Guardian

Protect Your Subscribers by Delivering Real-time Reputation Profiles

TNS Call Guardian is an industry-leading solution that uses real-time call events combined with crowd-sourced data to create accurate and comprehensive reputation profiles differentiating legitimate users of communications services from abusive, fraudulent and unlawful users.

- Accurately identify and score real-time call events
- Identify scammers and other abusive callers
- Provide suspicious call alerts
- Notify neighbors of suspicious calls
- Securely share call data
